

GO Kayak FISH

With PACK
Paddling Anglers in Canoes and Kayaks (PACK)

Fishing & Camping the Texas Coast

PACK is a kayak fishing club. We fish, camp and kayak year round on organized day and weekend trips to bayous, rivers, lakes and bays in Texas. Every year we strive to plan each trip at the best time of year to achieve the most enjoyment, comfort and productive fishing. We generally camp in the cooler months but we will brave the heat for reds, specks, flounder and snook.

FISHING TRIPS

Fishing trips are the cornerstone of our club. Our day and weekend trips are meticulously planned by our most experienced kayakers and fishermen. Our destinations include shell islands, state parks, beaches, lakefronts, and rivers. Check packtx.org for details on our next trip.

REPORTS

We post trip reports on our website that include photos, the conditions, high points and low points of the trip. The trip report style varies as each trip leader drafts his own version of the exciting moments, rare finds, big fish or wildlife encounters. They are a fun and lasting way to preserve the memories and experiences of the trip.

MEETINGS

Meetings are held on the 3rd Tuesday each month. We invite guest speakers to the meetings to inform the group on new products, new techniques, new rules or exciting fishing locations and much more. See the website (packtx.org) for meeting locations.

FISHING INFO

The PACK website is the hub of information for PACK. It is a State-of-the-Art website that contains event information and event photos from all of the PACK Events from 2003 to the Present.

TOURNAMENT

In 1999 PACK held the first major kayak fishing tournament on the Texas Gulf. Since then, we have held annual Kayak tournaments. Our tournaments are open to PACK members and are one of the largest events of the year. Our sponsors have made this event a true "Do Not Miss" event. Last year our sponsors provided the hottest fishing, kayaking and camping equipment and accessories for the tournament and door prize winners. Our major sponsors provided the raffle prizes, which include items such as kayaks and guided fishing trips. Anyone can participate in the raffle and win one of the big prizes. Thanks to our major sponsors, this helps keep PACK membership fees affordable to everyone.

PACK History

Paddling Anglers in Canoes and Kayaks formed in March 1998 with about ten enthusiasts looking to share the fun of Gulf Coast fishing from kayaks. Meetings have been held monthly since then.

Over the years some faces have changed but the general theme has remained the same; having fun fishing from canoes and kayaks. We fish mostly in saltwater because of our proximity to the bays and the Gulf. Kayaks have become the boat of choice because they can navigate deep bays and access shallow waters that are inaccessible to power boats and wade fisherman.

*We have some fish stories
and the photos to prove them!*

PACK is committed to safety. We have ACA (American Canoe Association) Certified Basic Kayak Instructors that are willing to show inexperienced kayakers proper paddling and safety techniques.
